# Hop-a-thon

STOCKPORT'S FROGS AT HOME

## What you'll need:

Some chalk or a piece of string to make a circle on the floor and a watch or clock.

## How to play:

- Using chalk or string, mark a circle on the floor about the size of a dinner plate.
- See how many times you can hop on one leg inside the circle in 30 seconds
- Hops outside the circle don't count!
- You can play alone or with your family and the circle can be made bigger or smaller to change the difficulty.

**Remember:** Keep your score here then start again, this time try and beat your first score.
